

SNOW LODGE BREAKFAST

SUSTAINABLE FOOD AND OUR ENVIRONMENTAL COMMITMENT

You are what you eat. Xanterra believes that this old adage is particularly poignant when that fare is fueling the adventures of visitors to the world's first national park. Consequently, Xanterra has a company-wide goal of ensuring that at least 50% of its total food purchases are sustainable by 2016. To meet this goal, Xanterra focuses on food and beverage items that are:

- Produced within 500 miles
- From production systems that minimize harm to the environment
- Third-party certified or verified (such as Fair Trade, USDA Organic, GMO free, etc.)
- Vegetarian and/or vegan
- Having minimal impact on animal welfare (cage free, free range, no added hormones)

Over the years, Xanterra's sustainable cuisine program has grown to include products such as flour and bread products from Wheat Montana, natural prime rib from Harris Ranch, local goat cheese from Amaltheia Dairy, Mountina cheese from Vintage Cheese, Rainforest Alliance certified coffee, healthy grass-fed game including elk and bison, trout from Montana Trout Culture in Paradise Valley, grass-fed beef burger from Teton Waters Ranch in nearby Teton Valley, Idaho, produce from Field Day Farms in Bozeman, and a variety of beer and wine options sourced locally and/or certified organic.

By supporting sustainable cuisine, Xanterra is not only providing high-quality, healthy food to our guests, but is helping to support local food systems and drive economic growth. Xanterra believes that we have a special role as a steward of Yellowstone to protect the environment for future generations—which is why we strive to provide *Legendary Hospitality with a Softer Footprint*.
