

WINTER IN WONDERLAND

Welcome to Yellowstone National Park. If you are a newcomer to the Yellowstone Forever Institute (formerly Association), you will be amazed at what awaits you during each day of exploration. If you are a veteran of our programs, you will know the many perspectives from which learning can take place in this diverse place. We are glad that you are able to join us. Our goal is to provide you with an enjoyable, high-quality educational experience and a safe and memorable visit to Yellowstone.

The following information is provided to help you prepare for your program. Please read it thoroughly and call us at 406.848.2400 or email contact@yellowstone.org if you have any questions. We recommend all first time visitors seek general park information through the National Park Service at 307.344.2107 or www.nps.gov/yell.

To participate in this program, each participant must fill out and sign our health questionnaire and assumption of risk waiver. Registrants receive a link to this form in their confirmation letter which is sent via e-mail. These forms must be completed and returned at least 30 days prior to your program start date.

Winter Travel

The only road open to wheeled vehicles in the winter (early November to mid-April) is the road from the North Entrance to the Northeast Entrance. All other roads are closed to wheeled vehicles. Because Cooke Pass is closed to wheeled vehicles, it is not possible to enter or exit Yellowstone National Park through the Northeast Entrance. You must enter the park through Gardiner, Montana. Current road conditions are available through the NPS Road Report at 307.344.2117.

Program Overview

The focus of this four-day program is to explore the heart of Yellowstone in winter, both on skis and snowshoes. The serenity and beauty of Yellowstone in winter is truly one-of-a-kind, and this will provide the setting for discovery, reflection, and fascination. We will incorporate wildlife, history, ecology, and geology into our recreational activities, as well as discuss issues that affect the Yellowstone ecosystem. Your instructor

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

YELLOWSTONE FOREVER

will guide you through the most scenic and awe inspiring features in the park, and share the stories behind the rare magic of Yellowstone.

Beginning at Mammoth Hot Springs, you'll travel via chartered snowcoach deep into the interior of the park to Old Faithful Snow Lodge, your warm and cozy base for three full days of outings and activities. The first full day will begin in the Old Faithful area, exploring the incredible geology and natural history of the geyser basins, forests, and rivers on snowshoes. On the afternoon of this first day, participants will get a cross-country ski fitting followed by professional cross-country ski instruction. The following day will involve cross-country ski outings in the Old Faithful area. The final full day will be spent venturing further out to remote and spectacular winter gems like the Grand Canyon of the Yellowstone, enjoying wildlife watching and ski activities throughout the day. On the last day you will return to Mammoth Hot Springs via chartered snowcoach.

Your instructor will inform you of the departure time for the next day's activities. The schedule for the week incorporates group activities and reserves free time for individual exploring, relaxing, hiking, skiing, ice skating, and more. All field activities will be conducted as a group. If you are not able to participate in the day's activities, please let your instructor know in advance.

If you would like to add a Northern Range wolf and wildlife watching component to this program, we encourage you to also enroll in our *Winter Wolf Discovery* program.

We also encourage you to take advantage of the airport shuttle provided by Yellowstone National Park Lodges for a safe and comfortable ride to and from Mammoth Hot Springs from the Bozeman Yellowstone International Airport. This program itinerary has been developed to coordinate seamlessly with airport shuttle arrival and departure times. Please call the Yellowstone National Park Lodges Reservations Office at 866.439.7375 (select "winter packages" from the phone directory options) for more information.

What's Included?

Winter in Wonderland includes:

- Educational programming and guide services by an Yellowstone Forever Institute instructor
- All in-park transportation
- 4 nights of Premium Room lodging at Old Faithful Snow Lodge
- Snowshoes and cross-country skis
- Scopes and binoculars
- Professional cross-country ski instruction
- 4 hot breakfasts at the Old Faithful Snow Lodge Obsidian Dining Room
- 1 hot lunch at the Mammoth Hot Springs Dining Room
- 3 deli lunches
- 1 dinner at the Old Faithful Snow Lodge Obsidian Dining Room (with instructor)
- Hot beverages and snacks on the road

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

Gratuities for food and beverage staff are included in all prepaid meals. Gratuities are also included for baggage handling and the snowcoach driver. *Any other gratuities, including gratuities for the Yellowstone Forever Institute instructor, are discretionary.* You will receive a Snowcard that entitles you to a 10 percent discount for dinners. Dinner reservations are required at the Old Faithful Snow Lodge. We recommend that you make dinner reservations before your arrival to Yellowstone by calling 866.439.7375. The attached itinerary gives estimated arrival times at our daily destinations.

If you are not yet a Yellowstone Forever supporter, your enrollment in this program also includes a one year subscription to our magazine, *Yellowstone Quarterly*.

We look forward to sharing Yellowstone with you!

How to Prepare for this Program:

How Fit Do You Need to Be?

This program is rated for brisk hiking, snowshoeing, or skiing of up to 5 miles per day with climbs up to 500 feet, including some trail-breaking in snow. Skiing and snowshoeing are aerobic activities—even more so at 6000 to 8000 feet. We recommend you begin an exercise program right away if you have not already done so. Participants residing at lower elevations may want to arrive a day early to adjust to the altitude. To learn more about how specific medical conditions can be affected by Yellowstone's environment and our activities, please visit Yellowstone.org/experience/health-information/

General Clothing and Equipment List

Much of your time will be spent outdoors and all programs are held rain, snow, or shine. You should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are very important. Winter temperatures can range from below zero in the mornings to 35 degrees Fahrenheit in the early afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide your clothing choices. Loose fitting layers allow you to maintain a comfortable and dry body as outside temperatures change and as your own body's temperature and moisture output changes with different levels of exertion.

Equipment:

Yellowstone Forever field staff assigned to your program will be carrying a first aid kit, bear spray, and emergency communication device. The following are items you'll need to bring:

- Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, field guides, etc.
- Water bottle**, one-quart is the minimum recommended. Camelback or similar hydration systems work well in summer but can freeze in winter.
- Sunglasses**
- Sunscreen/lip protector**, sun at high altitude can burn unprotected skin quickly.
- Camera, binoculars**

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

- Notebook/pencil**
- Pocket hand and foot warmers**, recommended November through May.
- Flashlight/Headlamp**, a small light for walking to and from your cabin in the evenings and mornings.
- Alarm**, so you're on time for the day's activities.

Clothing:

- Insulating underwear**, capilene, polypropylene, or similar wicking fabric.
- Mid-weight insulating layer**, light, 200-weight synthetic fleece or wool shirt/pullover.
- Heavyweight insulating layer**, can be wool, down, heavy-weight fleece, or other synthetic fabric. In the winter, a heavy winter coat with a water resistant shell will suffice for less active programs.
- Waterproof and windproof outer layer**, lightweight and breathable. Both jackets and pants are recommended.
- Short sleeved shirt**, cotton is okay in summer, but synthetic wicking shirts are ideal.
- Pants**, in the summer, synthetic hiking pants, lightweight pile/fleece pants, tights, or similar. In the winter, wool or fleece pants or tights. Jeans are not recommended.
- Hats**, both a brimmed sun hat and an insulating hat that covers your ears for cold weather.
- Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens. A water and windproof outer layer is recommended.
- Socks**, light wool or synthetic liner sock with heavier wool or synthetic outer sock.
- Insulated boots, winter**, must have water repellent layers outside, thick insulation inside, and be large enough to fit over thick socks. Tight boots are the surest way to get painfully cold feet. Soles with proper traction or traction devices (i.e. Yaktrax) are essential for icy conditions. General hiking boots will not provide adequate insulation or traction in most cases.
- Off-duty shoes**, sandals, athletic shoes, or other leisure footwear.

Program Itinerary

The itinerary is designed to take advantage of the best opportunities in the park, but may be adjusted to adapt to weather conditions, road conditions, wildlife movements, holidays, and road construction.

Day 1	Group Welcome—Depart for Old Faithful
12 p.m.	Lunch at the Mammoth Hot Springs Dining Room (with coupon)
1 p.m.	Orientation in Mammoth Board Room (room 207) on the second floor of the Mammoth Hot Springs Hotel.
2 p.m.	Depart for Old Faithful Snow Lodge via private chartered snowcoach Sightseeing along the way Stop at Madison Warming Hut for a short break and hot drinks (included) Continue south to Old Faithful along the Firehole River

Suggested Reading

No prior reading is required, but you might want something to occupy your flight or car ride. Whether your passion is history, geology, wildlife, or ecology, there's something for everyone. Most publications are available from Yellowstone Forever's online Park Store at Shop.Yellowstone.org or by calling 406.848.2400. Yellowstone Forever supporters receive a 15 percent discount and proceeds directly benefit Yellowstone.

- Heinrich, Bernd. 2009. *Winter World: The Ingenuity of Animal Survival*. Harper Perennial. 400 pp
- Ambler, Marjane. 2013. *Yellowstone Has Teeth*. Riverbend Publishing. 223 pp.
- Heinrich, Bernd. 2007. *Mind of the Raven: Investigations and Adventures with Wolf-Birds*. Harper Perennial. 432 pp.
- Johnson, Kurt F. 2013. *A Field Guide to Yellowstone and Grand Teton National Parks*. Farcountry Press. 248 pp.
- Marchand, Peter J. 2014. *Life in the Cold: An Introduction to Winter Ecology, 4th Edition*. University Press of New England. 320 pp.
- Schullery, P. 1999. *Searching for Yellowstone: Ecology and Wonder in the Last Wilderness*. Houghton Mifflin Co., NY, NY. 338 pp.
- Smith, R.B. and Siegel, L.J. 2000. *Windows into the Earth: The Geologic Story of Yellowstone and Grand Teton National Parks*. Oxford University Press. 242 pp.
- Smith, D. and Ferguson, G. *Decade of the Wolf 2005*, Lyons Press, NY 212 pp.

Park Stores

Our Park Stores features more than 900 books, maps, and videos to help you plan your visit, along with a wide selection of shirts, hats, and other logo items to remind you of your visit to Yellowstone. Yellowstone Forever supporters receive a 15 percent discount on merchandise online or at any of our 11 locations in and around Yellowstone. Proceeds directly support Yellowstone. Visit: Shop.Yellowstone.org

Supporter Program

Yellowstone Forever Supporters directly fund priority park programs and projects. Supporters also provide scholarships for teachers and help expand programming for underserved youth. Benefits include a subscription to our magazine *Yellowstone Quarterly*, early registration and discounts for Yellowstone Forever Institute programs, and discounts on retail purchases throughout Yellowstone (exclusions apply). If you are not yet a supporter of Yellowstone Forever, an introductory subscription (one year) to our magazine *Yellowstone Quarterly* is included with your tuition. For more information, visit: Yellowstone.org/donate

Code of Ethics

The Yellowstone Forever Institute is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant in a Yellowstone Forever Institute program, we ask you to adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever Institute abides by all National Park Service rules and regulations. We also practice Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: We will do our best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep our presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. The Yellowstone Forever Institute will adhere to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes and nesting birds and 100 yards from bears and wolves. We will not entice wildlife with food, animal calls or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever Institute instructors have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

General etiquette: Yellowstone Forever Institute groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road, and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, the Yellowstone Forever Institute will move vehicles entirely off the road. If there is no safe pullout available, we will drive to the next safe place and walk back to observe the wildlife. We will not stop in the middle of the road, and should a traffic jam develop as a result of our activities, we will cease the activity.

Properly dispose of waste: We will pack out all trash, leftover food and litter. Your instructor will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, we will use existing trails and boardwalks. We will follow appropriate techniques when walking off-trail. Walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for their program and should expect to walk through mud, snow or puddles in the trail.

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

Thank you for helping us set a good example in Yellowstone!

Cancellation and Refund Policy

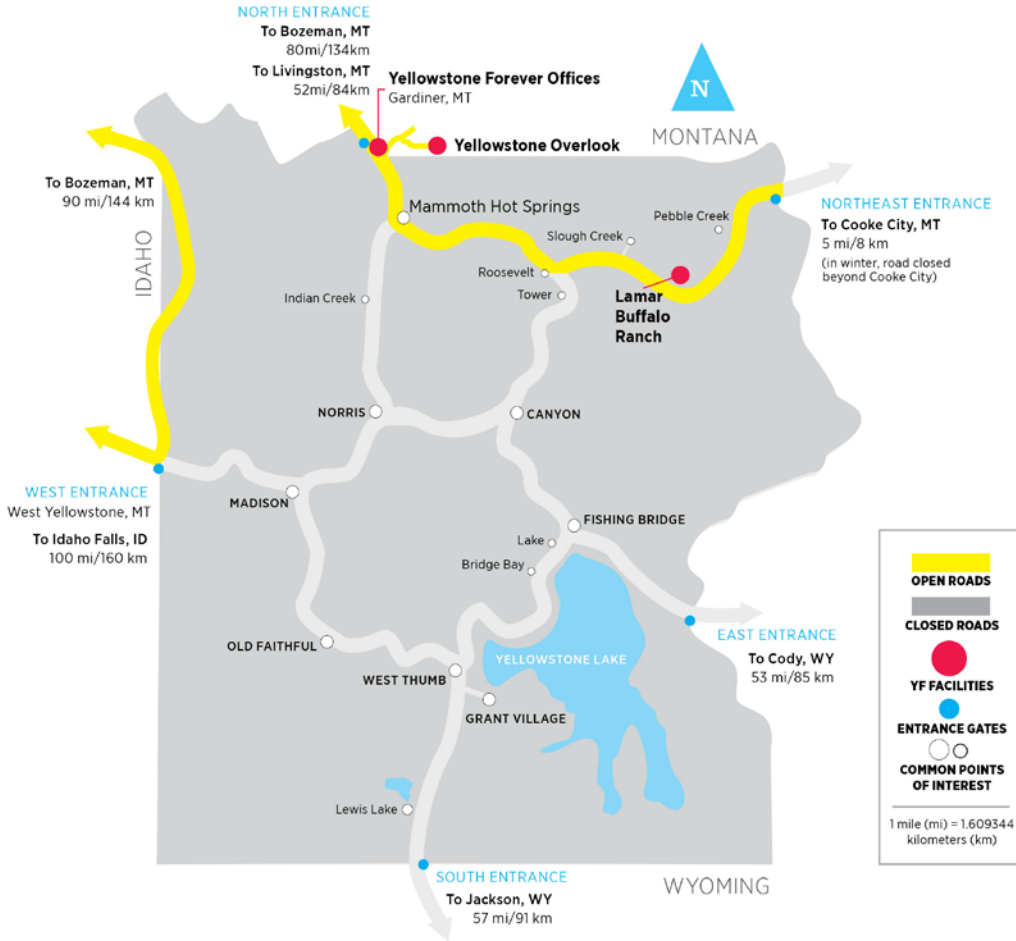

For packages, 60-day notice is required to receive a full refund of your deposit amount. Cancellations made between 30-60 days will result in 50% forfeiture of package cost. Cancellations made within 30 days of arrival result in 100% forfeiture of package cost. We recommend the purchase of travel insurance to help protect you against financial loss if you must cancel or interrupt your trip due to unforeseen circumstances. For more information about travel insurance, please ask our representative when booking your reservation.
