

Winter in Wonderland Package Itinerary & Details Winter 2020-21

The **Winter in Wonderland** Lodging & Learning package is designed for those who want to explore the full breath of Yellowstone in winter with an expert naturalist guide. This five-day program includes exploration of Yellowstone's northern range and park interior, with cross country ski outings integrated throughout. The serenity and beauty of Yellowstone in winter is truly one-of-a-kind, and this will provide the setting for discovery, reflection, and fascination. We will incorporate wildlife, history, ecology, and geology into daily activities, as well as discuss issues that affect the Yellowstone ecosystem. Your Yellowstone Forever naturalist guide will lead you through the most scenic and awe-inspiring features in the park and share the stories behind the rare magic of Yellowstone.

This package begins at the Mammoth Hot Springs Hotel, where your naturalist guide will deliver an informative evening orientation. The next day will be spent along Yellowstone's picturesque northern range. We'll enjoy wildlife watching in Lamar Valley, and a cross-country ski lesson at Mammoth Hot Springs. On day three, we'll board a chartered snowcoach for a scenic trip to the spectacular Grand Canyon of the Yellowstone to enjoy some of the most scenic skiing the park has to offer. Then we'll make our way to Old Faithful Snow Lodge, your warm and cozy base for the next two evenings. The next day we'll explore the Old Faithful Area on skis. The final day we'll return to Mammoth Hot Springs Hotel via snowcoach, enjoy skiing opportunities along the way, and take in the sights.

We encourage you to take advantage of the airport shuttle provided by Yellowstone National Park Lodges for a safe and comfortable ride to and from Mammoth Hot Springs from the Bozeman, Montana airport. Please call the Yellowstone National Park Lodges Reservations Office at 307.344.7311 (select "winter packages" from the phone directory options) for more information.

Program Highlights

- All-inclusive package includes all meals, lodging, transportation, and instruction by a Yellowstone Forever naturalist guide
- One full day spent along Yellowstone's northern range, including wildlife watching in Lamar Valley and a cross-country ski lesson at Mammoth Hot Springs
- A chartered snowcoach trip to enjoy sightseeing and skiing along the Grand Canyon of the Yellowstone
- A full-day in the Old Faithful area with a chartered snowcoach to enjoy sightseeing and skiing around geyser basins and along the Firehole River
- Two days travelling between Old Faithful and Mammoth Hot springs exploring the geyser basins, hot springs, and other exciting features along the route

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

YELLOWSTONE FOREVER

- Professional cross-country ski instruction
- Cross-country ski outings throughout
- High-quality optics for wildlife watching
- Exciting facilitated discussions about Yellowstone's geology, ecology, natural history, current research, and management issues

Why Choose a Lodging & Learning Package?

Our award-winning Lodging & Learning packages are developed through a partnership with Yellowstone National Park Lodges. These packages combine the best lodging locations with an exceptional immersive field education experience. Here's why this package stands out:

- ***Yellowstone Forever is Yellowstone National Park's official nonprofit education and fundraising partner.*** Our mission is to partner with Yellowstone National Park to create opportunities for all people to experience, enhance, and preserve Yellowstone forever. To learn more about Yellowstone Forever, [visit our website](#).
- ***You'll help preserve Yellowstone.*** Proceeds collected by Yellowstone Forever for this package are used to preserve Yellowstone National Park and provide more opportunities for people to experience its magic. To learn more about what we do, [visit our website](#).
- ***Our naturalist guides are world class.*** Our Institute has been providing in-depth educational programs in Yellowstone for over 40 years. Our naturalist guides are among the best expert field educators in Yellowstone. They're professionals with academic credentials who are dedicating their careers to this vital work. They live in the Yellowstone ecosystem, they work alongside park researchers, and thus can provide accurate and exciting "behind the scenes" perspectives on the park's history, management, geology, flora, and fauna. They know where to go and when, and they'll handle all of the details to make your experience is as enjoyable as possible.

Your naturalist guide will go out of their way to get to know you throughout the program, and make sure your needs are met. They'll build upon what you've learned each day, so you can better understand the fascinating story behind everything you see and experience.

- ***Small group size.*** This program has a max capacity of 10 participants. You'll enjoy camaraderie with fellow participants and receive a lot more attention in this small group package. It allows your naturalist guide to take an inquiry-based approach to learning, tailoring the experience to your specific interests.
- ***We provide the essential equipment.*** Your naturalist guide will provide high-quality spotting scopes and binoculars to bring distant wildlife into crisp, clear view, and even adaptors so you can

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

YELLOWSTONE FOREVER

take pictures through these scopes on your smart phone! Our guides are Wilderness First Aid or Wilderness First Responder certified. They carry a first aid kit and handheld radio during all hikes and provide bear spray if hiking in bear country. They will incorporate teaching aids such as skulls, tracks, pelts, books, i-Pads with videos, and test equipment such as temperature guns for thermal features.

- ***You can't beat in-park lodging.*** All lodging in this package is located in the park, within short walking distance from popular features and spectacular scenery. This minimizes drive time during daily outings and allows more time to enjoy the park's features at a relaxing pace. It also allows more time in the evenings, after daily outings, to relax and enjoy the beautiful surroundings.

What's Included?

- Three nights lodging in a Mammoth Hot Springs Hotel Premium Room
- Two nights lodging in an Old Faithful Snow Lodge Premium Room
- All meals from dinner on the first day to breakfast the morning you check out
 - 5 breakfasts (5 hot breakfasts and 1 box breakfast in the field)
 - 4 deli lunches to go
 - 3 dinners in the Mammoth Hotel Dining Room
 - 2 dinners at the Old Faithful Obsidian Dining Room
 - All gratuities for foodservice
- Hot beverages and snacks on the road
- All in-park snowcoach transportation
- Instruction by a Yellowstone Forever naturalist guide throughout the program
- A custom thermos (gift item)
- Scopes, binoculars, bear spray, and other field equipment as needed
- All necessary cross-country ski equipment
- Professional cross-country ski instruction
- Baggage handling on transfers between Mammoth Hotel and Old Faithful Snow Lodge
- An orientation on the evening of the first day to ensure you will have an enjoyable and comfortable experience throughout the program.

Gratuities for your Yellowstone Forever naturalist guide are not included but are recommended and greatly appreciated.

How fit do you need to be?

This program is rated *Level 3* on Yellowstone Forever's Activity Level Scale. You should be prepared for brisk hiking or skiing of up to 5 miles per day with climbs up to 500 feet, including some trail-breaking in snow. Skiing is an aerobic activity - even more so at 7200 to 8000 feet. Participants residing at lower elevations may want to arrive a day early to adjust to the altitude. To learn more about how specific medical conditions can be affected by Yellowstone's environment and our activities, please visit [our site page](#) on health information.

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

YELLOWSTONE FOREVER

All field activities will be conducted as a group. If you cannot participate in the day's activities, please let your naturalist guide know in advance.

To participate in this program, each participant must fill out and sign our health questionnaire and assumption of risk waiver. Registrants receive a link to this form in their confirmation letter which is sent via e-mail. These forms must be completed and returned at least 30 days prior to your program start date.

Program Itinerary

The itinerary is designed to take advantage of the best opportunities in the park but may be adjusted to adapt to weather conditions, road conditions, wildlife movements, holidays, and road construction.

Day 1 **Welcome and Orientation**

- 4:30 p.m. Mammoth Hotel check-in begins
Ask front desk staff for directions to the orientation room
- 5:00 p.m. Orientation in the Mammoth Hot Springs Hotel Opal Room
- 6:30 p.m. Dinner on your own at the Mammoth Hotel Dining Room (with coupon)
Overnight at Mammoth Hot Springs Hotel

Day 2 **Northern Range Wildlife Watching & Ski Lesson**

- 7:00 a.m. Meet in lobby with gear for the day (pack, water, and appropriate clothing)
Coffee and Box breakfast provided on bus
Depart for Lamar Valley for wildlife viewing, history, and geology overview
Deli lunch in the field
Return to Mammoth Hot Springs
- 2:00 p.m. Ski Fitting at the Bear Den Ski Shop
Afternoon ski lesson at the Mammoth Hot Spring terraces
- 6:00 p.m. Dinner on your own at the Mammoth Hotel Dining Room (with coupon)
Overnight at Mammoth Hot Springs Hotel

Day 3 **The Grand Canyon of the Yellowstone**

- Breakfast on your own at the Mammoth Hotel Dining Room (with coupon)
Leave luggage for Old Faithful in room
Check out of Mammoth Hot Springs Hotel
- 7:30 a.m. Meet in lobby with gear for the day (pack, water, ski equipment, and appropriate clothing)
Board private chartered snowcoach and depart for The Grand Canyon
Sightseeing and wildlife watching along the route
Skiing and sightseeing at the Grand Canyon of the Yellowstone
Deli lunch in the field
Depart the Grand canyon and head to Old Faithful

YELLOWSTONE FOREVER

6:00 pm Arrive at Old Faithful Snow Lodge, check in
7:30 p.m. Dinner on your own at the Obsidian Dining Room (with coupon)
Overnight at Old Faithful Snow Lodge

Day 4 Exploring the Old Faithful on Skis

Breakfast on your own at the Obsidian Dining Room (with coupon)
8:00 a.m. Meet in lobby with gear for the day (pack, water, ski equipment, and appropriate clothing)
Board private chartered snowcoach and depart for selected ski stops
Deli lunch in the field
4:00 p.m. Return to Old Faithful Snow Lodge
5:15 p.m. Dinner on your own at the Obsidian Dining Room (with coupon)
Overnight at Old Faithful Snow Lodge

Day 5 Return to Mammoth Hot Springs

Breakfast on your own (with coupon)
Leave luggage bound for Mammoth Hot Springs inside of your room
7:45 a.m. Meet in lobby with day's gear (skis, pack, water, and appropriate clothing)
Depart for Mammoth Hot Springs
Sightseeing, wildlife watching, and skiing along the route
Stop at Madison Warming Hut for a short break and hot drinks (included)
3:00 p.m. Arrive Mammoth Hot Springs
5:45 p.m. Dinner on your own at the Mammoth Hotel Dining Room (with coupon)
Overnight at Mammoth Hot Springs Hotel

Day 6 Final Day and Check Out

Breakfast on your own at the Mammoth Hotel Dining Room (with coupon)
Check out of Mammoth Hot Springs Hotel

Cancellation and Refund Policy

For Lodging & Learning packages, 60-day notice is required to receive a full refund of your deposit amount. Cancellations made between 30-60 days will result in 50% forfeiture of package cost. Cancellations made within 30 days of arrival result in 100% forfeiture of package cost. We recommend the purchase of travel insurance to help protect you against financial loss if you must cancel or interrupt your trip due to unforeseen circumstances. For more information about travel insurance, please ask our representative when booking your reservation.

General Clothing and Equipment List

Much of your time will be spent outdoors and all programs are held rain, snow, or shine. You should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are very important. Winter temperatures can range from below zero in the mornings to 35

EXPERIENCE IT TODAY | PRESERVE IT FOR ALWAYS

degrees Fahrenheit in the early afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide your clothing choices. Loose fitting layers allow you to maintain a comfortable and dry body as outside temperatures change and as your own body's temperature and moisture output changes with different levels of exertion.

Equipment:

Your naturalist guide will be carrying a first aid kit, bear spray, and emergency communication device.

- Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, field guides, etc.
- Water bottle**, one-quart is the minimum recommended. Camelback or similar hydration systems work well in summer but can freeze in winter.
- Sunglasses**
- Sunscreen/lip protector**, sun at high altitude can burn unprotected skin quickly.
- Camera, binoculars (optional)**
- Notebook/pencil (optional)**
- Pocket hand and foot warmers**, recommended November through May.
- Flashlight/Headlamp**, a small light for walking to and from your cabin in the evenings and mornings.
- Alarm**, so you're on time for the day's activities.

Clothing:

- Insulating underwear**, capilene, polypropylene, or similar wicking fabric.
- Mid-weight insulating layer**, light, 200-weight synthetic fleece or wool shirt/pullover.
- Heavyweight insulating layer**, can be wool, down, heavy-weight fleece, or other synthetic fabric. In the winter, a heavy winter coat with a water resistant shell will suffice for less active programs.
- Waterproof and windproof outer layer**, lightweight and breathable. Both jackets and pants are recommended.
- Short sleeved shirt**, cotton is okay in summer, but synthetic wicking shirts are ideal.
- Pants**, in the summer, synthetic hiking pants, lightweight pile/fleece pants, tights, or similar. In the winter, wool or fleece pants or tights. Jeans are not recommended.
- Hats**, both a brimmed sun hat and an insulating hat that covers your ears for cold weather.
- Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens. A water and windproof outer layer is recommended.
- Socks**, light wool or synthetic liner sock with heavier wool or synthetic outer sock.
- Insulated boots, winter**, must have water repellent layers outside, thick insulation inside, and be large enough to fit over thick socks. Tight boots are the surest way to get painfully cold feet. Soles with proper traction or traction devices (i.e. Yaktrax) are essential for icy conditions. General hiking boots will not provide adequate insulation or traction in most cases.
- Off-duty shoes**, sandals, athletic shoes, or other leisure footwear.

Suggested Reading*

No prior reading is required, but you might want something to occupy your flight or car ride. Whether your passion is history, geology, wildlife, or ecology, there's something for everyone in our Park Stores. Most publications are available from Yellowstone Forever's online Park Store at [Shop.yellowstone.org](https://shop.yellowstone.org) or by calling 406.848.2400. Yellowstone Forever supporters receive a 15 percent discount and proceeds directly benefit Yellowstone.

- *Decade of the Wolf*. Smith, D. and Ferguson, G. 2005. Lyons Press, NY 212 pp.
- *Empire of Shadows*. Black, George. 2013. St Martin's Griffin. 576 pp.
- *Engineering Eden*. Fisher Smith, Jordan. 2019 (reprint). The Experiment Publishing. 424 pp.
- *Life in the Cold: An Introduction to Winter Ecology, 4th Edition*. Marchand, Peter J. 2014. University Press of New England. 320 pp.
- *Searching for Yellowstone: Ecology and Wonder in the Last Wilderness*. Schullery, P. 1999. Houghton Mifflin Co., NY, NY. 338 pp.
- *Windows into the Earth: The Geologic Story of Yellowstone and Grand Teton National Parks*. Smith, R.B. and Siegel, L.J. 2000. Oxford University Press. 242 pp.
- *Winter World: The Ingenuity of Animal Survival*. Heinrich, Bernd. 2009. Harper Perennial. 400 pp
- *Yellowstone Has Teeth*. Ambler, Marjane. 2013. Riverbend Publishing. 223 pp.

* Many of these are available at <https://shop.yellowstone.org>.

Park Stores

Our Park Stores feature more than 900 books, maps, and videos to help you plan your visit, along with a wide selection of shirts, hats, and other logo items to remind you of your visit to Yellowstone. Yellowstone Forever supporters receive a 15 percent discount on merchandise online or at any of our 11 locations in and around Yellowstone. Proceeds directly support Yellowstone. Visit: [Shop.Yellowstone.org](https://shop.yellowstone.org)

Supporter Program

Yellowstone Forever Supporters directly fund priority park programs and projects. Supporters also provide scholarships for teachers and help expand programming for underserved youth. Benefits include a subscription to our magazine *Yellowstone Quarterly*, early registration and discounts for Yellowstone Forever Institute programs, and discounts on retail purchases throughout Yellowstone (exclusions apply). If you are not yet a supporter of Yellowstone Forever, an introductory subscription (one year) to our magazine *Yellowstone Quarterly* is included with your tuition. For more information, visit: [Yellowstone.org/donate](https://yellowstone.org/donate)

Yellowstone Forever Supporters receive a \$15 discount for themselves and all other participants when they book Lodging & Learning packages. Simply present your Yellowstone Forever supporter card when you check in to your first night's lodging to have your discount applied!

Code of Ethics

The Yellowstone Forever Institute is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant in a Yellowstone Forever Institute program, we ask you to adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever Institute abides by all National Park Service rules and regulations. We also practice Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: We will do our best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep our presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. The Yellowstone Forever Institute will adhere to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes and nesting birds and 100 yards from bears and wolves. We will not entice wildlife with food, animal calls or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever Institute instructors have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

General etiquette: Yellowstone Forever Institute groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road, and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, the Yellowstone Forever Institute will move vehicles entirely off the road. If there is no safe pullout available, we will drive to the next safe place and walk back to observe the wildlife. We will not stop in the middle of the road, and should a traffic jam develop as a result of our activities, we will cease the activity.

Properly dispose of waste: We will pack out all trash, leftover food and litter. Your instructor will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, we will use existing trails and boardwalks. We will follow appropriate techniques when walking off-trail. Walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for their program and should expect to walk through mud, snow or puddles in the trail.

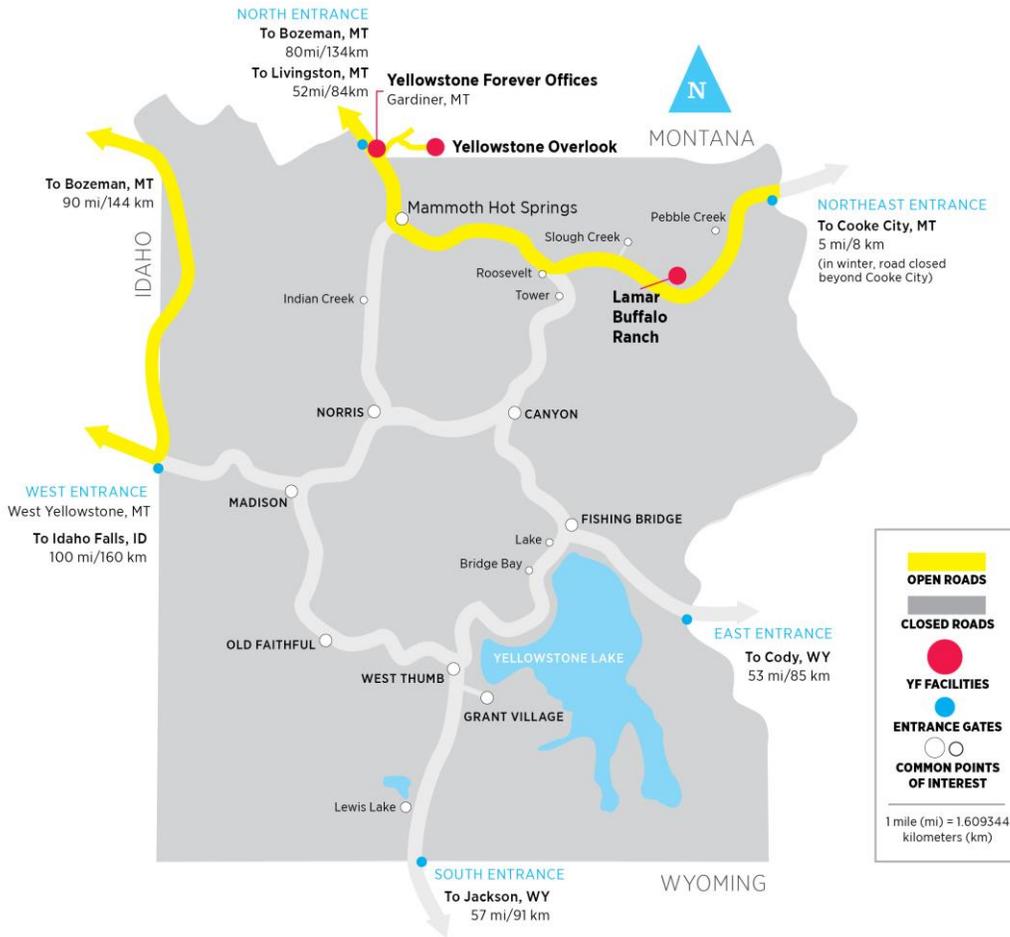

Thank you for helping us set a good example in Yellowstone!

YELLOWSTONE FOREVER

Yellowstone Winter Map **YELLOWSTONE FOREVER**

The only road open to wheeled vehicles in the winter (early November to mid-April) is the road from the North Entrance to the Northeast Entrance. Because Cooke Pass is closed to wheeled vehicles, it is not possible to enter or exit Yellowstone National Park through the Northeast Entrance. You must enter the park through Gardiner, Montana. Current road conditions are available through the [NPS Road Report at 307.344.2117](http://www.nps.gov/roadreport).

POINT TO POINT DISTANCE		Miles/Kilometers
North Entrance to Mammoth Hot Springs	5 mi/8 km	
Roosevelt to Northeast Entrance	29 mi/47 km	
Roosevelt to Lamar Buffalo Ranch	11 mi/17km	
Roosevelt to Mammoth Hot Springs	18 mi/29 km	

ELEVATIONS		feet/ meters
North Entrance	5314 / 1620	
West Entrance	6667 / 2032	
South Entrance	6886 / 2099	
East Entrance	6951 / 2119	
Mammoth Hot Springs	6239 / 1902	
Old Faithful	7365 / 2254	
Grant Village	7733 / 2357	
Lake	7784 / 2373	
Canyon	7734 / 2357	
Roosevelt	6270 / 1911
