

Yellowstone National Park Ecomap

Xanterra, the National Park Service, and Yellowstone's park partners, like Delaware North and Yellowstone Park Service Stations, work together to provide sustainable amenities in Yellowstone National Park, including hydration stations, sustainably sourced food, and made-in-the-USA retail.

This map is a helpful guide to the sustainable services and resources available during your park visit.

*No visitor access

Go Wild
Take advantage of our ski shops and bike rentals to enjoy the beauty of the park up close—and get a little exercise! You might meet Crystal (pictured here) at the Old Faithful ski shop or on the trails.

Made in America
Looking for souvenirs? More than 73% of our gift shop items are Made in America, with many sourced locally from the Yellowstone region. This helps us reduce environmental impacts from shipping, as well as support domestic economies.
