

YELLOWSTONE FOREVER

TRAILS THROUGH YELLOWSTONE Package Itinerary & Details Summer 2018

The **Trails through Yellowstone** Lodging & Learning package is designed for those who want to enjoy a more active vacation adventure in Yellowstone National Park. On this program you'll spend less time in the bus and along the roads, and more time exploring Yellowstone's wild backcountry. You'll hike along some of the most scenic trails the park has to offer, exploring features and unique backcountry habitat far from crowds and noise. You'll get to see and experience fascinating places in Yellowstone that most do not, and you'll be led by an expert naturalist guide throughout.

Lodging is based at Mammoth Hot Springs and Grant Village. Each day you will venture out with a Yellowstone Forever naturalist guide to explore a particular region of the park. Daily outings begin early to beat the crowds and increase odds of seeing exciting wildlife that are most active at dawn. After exploring the park, you'll have opportunities to return to your lodging early every evening, so you can relax on your own.

We intentionally do not list specific hikes in advance for this package. We allow our naturalist guides the flexibility to use their extensive knowledge to cater the hikes to your interests, the weather, and trail conditions. Upon registration, a list of recommended acclimation hikes will be provided so that you can better plan your vacation, should you have time in Yellowstone before or after your Trails through Yellowstone package.

Program Highlights

- Getting away from crowds and finding secluded spaces to experience the wonders of Yellowstone
- A full day wildlife watching in Lamar Valley followed by select hikes in Yellowstone's northern range
- A chance to see backcountry thermal features along the trail as well as along boardwalks
- The day spent hiking and sightseeing along the Grand Canyon of the Yellowstone
- An afternoon spent hiking and sightseeing along the shores of Yellowstone Lake
- Opportunities to participate in citizen science activities to help protect park resources
- Dinner with your Yellowstone Forever naturalist guide at the historic Old Faithful Inn
- Exciting facilitated discussions about Yellowstone's geology, ecology, natural history, current research, and management issues

Why Choose a Lodging & Learning Package?

Our award-winning Lodging & Learning packages are developed through a partnership with Yellowstone National Park Lodges. These packages combine the best lodging locations with an exceptional immersive field education experience. Here's why this package stands out:

YELLOWSTONE FOREVER

- ***Yellowstone Forever is Yellowstone National Park’s official nonprofit education and fundraising partner.*** Our mission is to partner with Yellowstone National Park to create opportunities for all people to experience, enhance, and preserve Yellowstone forever. To learn more about Yellowstone Forever, [visit our website](#).
- ***You’ll help preserve Yellowstone.*** Yellowstone Forever is Yellowstone National Park’s official nonprofit education and fundraising partner. Proceeds collected by Yellowstone Forever for this package are used to preserve Yellowstone National Park and provide more opportunities for people to experience its magic. To learn more about what we do, [visit our website](#).
- ***Our naturalist guides are world class.*** Our Institute has been providing in-depth educational programs in Yellowstone for over 40 years. Our naturalist guides are among the best expert field educators in Yellowstone. They’re professionals with academic credentials who are dedicating their careers to this vital work. They live in the Yellowstone ecosystem, they work alongside park researchers, and thus can provide accurate and exciting “behind the scenes” perspectives on the park’s history, management, geology, flora, and fauna. They know where to go and when, and they’ll handle all of the details to make your experience is as enjoyable as possible.

The same naturalist guide will lead this program from the evening orientation on the first day to the final farewells on the last day. They’ll go out of their way to get to know you throughout the program, and make sure your needs are met. They’ll build upon what you’ve learned each day, so you can better understand the fascinating story behind everything you see and experience.

- ***Small group size.*** This program has a max capacity of 13 participants. You’ll enjoy camaraderie with fellow participants and receive a lot more attention in this small group package. It allows your naturalist guide to take an inquiry-based approach to learning, tailoring the experience to your specific interests.
- ***We provide the essential equipment.*** Your naturalist guide will provide high-quality spotting scopes and binoculars to bring distant wildlife into crisp, clear view, and even adaptors so you can take pictures through these scopes on your smart phone! Our guides are Wilderness First Aid or Wilderness First Responder certified. They carry a first aid kit and handheld radio during all hikes, and provide bear spray if hiking in bear country. They will incorporate teaching aids such as skulls, tracks, pelts, books, i-pads with videos, and test equipment such as temperature guns for thermal features.
- ***You can’t beat in-park lodging.*** All lodging in this package is located in the park, within short walking distance from popular features and spectacular scenery. This minimizes drive time during daily outings, and allows more time to enjoy the park’s features at a relaxing pace. It also allows more time in the evenings, after daily outings, to relax and enjoy the beautiful surroundings.

Program Itinerary

The itinerary is designed to take advantage of the best opportunities in the park, but may be adjusted to adapt to weather conditions, wildlife activity, holidays, and road construction.

Day 1

Welcome and Orientation

After checking in and enjoying dinner, you'll meet your naturalist guide for an orientation. They'll go over the program itinerary, discuss clothing and equipment needed for daily outings, and answer any questions you may have about the adventure that lies ahead.

- 4:30 p.m. Mammoth Hotel check in begins
Ask the front desk staff for directions to the orientation room
- 5 p.m. Orientation in Mammoth Hot Springs
Dinner on your own
Overnight at Mammoth Hot Springs

Day 2

Wildlife Watching and Hiking along Yellowstone's Northern Range

Today we will leave early and travel along Yellowstone's northern range to Lamar Valley in search of "charismatic megafauna." Stops will vary based on where the most likely wildlife sightings are to be found. Prepare to learn a lot of really amazing things about Yellowstone's wildlife! In the afternoon your naturalist guide will lead you on a select hike, where we'll search for animal tracks and sign as we take in the beautiful backcountry scenery.

- 6 a.m. Depart Mammoth Hot Springs Hotel
Hot beverages (coffee, tea and hot cocoa) and box breakfast in the field
Early morning wildlife watching
Select hike in the northern range
Deli lunch in the field
- 3 p.m. Return to Mammoth Hot Springs
Dinner on your own
Overnight at Mammoth Hot Springs

Day 3

Southbound to Grant Village with Select Hikes along the Way

Today we'll travel south to your lodging accommodations at Grant Village. Our route will include scenic Dunraven Pass and Hayden Valley. Along the way, your naturalist guide will lead select hikes in the northern range and near Yellowstone Lake to enjoy breathtaking mountain and lakeshore scenery. You will see the effects of the 1988 fires and the recovery of the Yellowstone landscape, and travel into the heart of the volcanic caldera. Along the way, we'll search for more wildlife and watch the scenery change as we travel from the of the park's arid lower elevations into the subalpine forests around Yellowstone Lake.

Day 4

Hiking Amongst Geysers and Hot Springs in the Old Faithful Area

Today we'll explore the fascinating geyser basins in the Old Faithful while hiking front country and backcountry trails. Experience playful geysers and colorful hot springs as you conduct tests on the temperature and pH of the water with our equipment. Get a feel for how the early explorers experienced Yellowstone, away from roads and crowds where you might catch a glimpse of a rushing waterfall or a bubbling hot spring next to the trail. Watch Old Faithful's stunning display of natural power and discover why it's been so faithful for all these years! After a day of exciting hikes you'll enjoy an elegant dinner with your naturalist guide at the historic Old Faithful Inn.

- 7:30 a.m. Breakfast at Grant Dining Room or Lake House Restaurant
Depart Grant Village
Select hikes in the Old Faithful Area
Deli lunch in the field
- 5 p.m. Dinner with naturalist guide at the Old Faithful Inn
Return to Grant Village

Day 5

Hayden Valley Wildlife Watching and Hikes along the Grand Canyon

On this final day, after checking out of Grant Village, we'll travel north through Hayden Valley in search of wildlife. We'll then enjoy hiking and sightseeing along the rims of the iconic Grand Canyon of the Yellowstone. Your naturalist guide will lead you to locations where you can enjoy breathtaking views of this colorful canyon and its magnificent waterfalls while revealing the geology behind the spectacle. Hikes in this part of the park contain some of the most spectacular terrain in Yellowstone—a fitting end to our program! While it is difficult to top the incredible scenery of the canyon, backcountry lakes, possible wildlife, and subalpine meadows will certainly make an impression. We'll close the day with a reflective discussion of the overall experience before checking into the Mammoth Hotel.

General Equipment and Clothing List

Much of your time will be spent outdoors, and you should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are very important. Spring, summer, and fall temperatures can range from below freezing in the mornings to 85 degrees Fahrenheit in the afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide your clothing choices.

Equipment:

Your naturalist guide will be carrying a first aid kit, bear spray, and emergency communication device.

- Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, etc.
- Water bottle**. You will receive a 32 oz. Nalgene Tritan wide mouth quart water bottle as a gift during the program orientation. You should always keep a minimum of one quart of water on hand at all times to facilitate proper hydration.
- Sunglasses**
- Sunscreen/lip protector**. Sun at high altitude can burn unprotected skin quickly.
- Camera, binoculars**.

Summer clothing:

- Insulating underwear**, capilene, polypropylene, wool, or similar wicking fabric.
- Mid-weight insulating layer**, a light synthetic fleece or wool shirt/pullover
- Heavyweight insulating layer**, wool, down, or heavy-weight fleece jacket
- Waterproof and windproof outer layer**, lightweight and breathable, jackets and pants
- Short-sleeve shirt**, cotton is okay in summer, but synthetic wicking shirts are ideal.
- Pants**, synthetic hiking pants. Jeans are not recommended.
- Hats**, both a brimmed sun hat and an insulating hat for cool weather.
- Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens.
- Socks**, specifically designed for hiking, that wick moisture
- Hiking boots** that provide stability and traction. Make sure they are broken in, comfortable, and do not cause hot spots or blisters.
- Off-duty shoes**, sandals, athletic shoes, or other leisure footwear.

Code of Ethics

The Yellowstone Forever Institute is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant in a Yellowstone Forever Institute program, we ask you to adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever Institute abides by all National Park Service rules and regulations. We also practice Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: We will do our best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep our presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. The Yellowstone Forever Institute will adhere to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes and nesting birds and 100 yards from bears and wolves. We will not entice wildlife with food, animal calls or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever Institute instructors have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

General etiquette: Yellowstone Forever Institute groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road, and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, the Yellowstone Forever Institute will move vehicles entirely off the road. If there is no safe pullout available, we will drive to the next safe place and walk back to observe the wildlife. We will not stop in the middle of the road, and should a traffic jam develop as a result of our activities, we will cease the activity.

Properly dispose of waste: We will pack out all trash, leftover food, and litter. Your instructor will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, we will use existing trails and boardwalks. We will follow appropriate techniques when walking off-trail. Walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for their program and should expect to walk through mud, snow or puddles in the trail.

Thank you for helping us set a good example in Yellowstone!
