Kitchens in Yellowstone National Park are not gluten-free  
environments. The gluten-free menu items were  
determined based on the most current ingredient lists  
provided by our suppliers and their stated absence of  
wheat/gluten within these products. Our kitchens do use  
wheat flours and other wheat based ingredients during  
production of other menu items. Our operations have  
shared preparation and cooking areas and designated  
gluten-free areas do not exist. Based on this, we cannot  
guarantee that any menu is completely gluten-free.
